# Amazing Adventures

## Scuba St. Lucia

- St Lucia is one of the most scenic and ecologically rich locations the Caribbean has to offer—including an easily accessible coral-rich dive and snorkeling site right off shore.
- Coral Spawning - yes that's right! The ideal time is 1 week after the August full moon and this year's full moon is August 9. If years of history should stay true this event should be around the 16th of August!

## Anse Chastanet

- Complementary watersports: snorkeling, windsurfs, kayaking and paddleboarding
- Complimentary art classes
- Excursions: Chocolate Laboratory, Organic Farm, Sulphur Springs, Botanical Gardens, Hiking and Biking

\*Package includes all meals and non-alcoholic beverages. Upgrade to alcoholic beverage package for \$300.  
Single Supplement: \$1,630

**Save Your Spot with a  
\$1500 Deposit**  
Final Payment is due  
May 1, 2025
